

Truman Answers Taft

WHEN MEMBERS of the national labor relations board dropped in to see President Truman the other day, they found him seated at his desk writing a letter in long-hand. Looking up, he said:

"I'll bet you don't know whom I'm writing to." Then, without waiting for an answer, he added: "Senator Taft."

Continuing, Truman read Taft's letter, which went somewhat as follows:

"As I leave for Europe I want to send you my best wishes for your new administration."

"You and I have differed on some things in the past, and I no doubt will differ again in the future. But I want you to know that in such cases where we agree, I hope you will call on me for whatever help I can give you in the senate of the United States."

Looking up from the letter, Truman winked at the labor board members and said:

"You know I don't think that I would have wanted Dewey to win, after all."

One-Man Lobby

Congressman George Bender of Ohio, Republican, is the man who gave his friends Christmas presents of new brooms when the 80th congress came into power exactly two years ago.

Today Congressman Bender finds himself swept out of office by popular reaction to the Republican broom; so this Christmas, Bender who has a real sense of humor, has been sending his friends a different kind of Christmas present. It consists of Dewey campaign neckties, and sweatshirts featuring a picture of the G.O.P. presidential candidate, with the admonition "do it with Dewey."

Furthermore, the resourceful Bender has already found a job. He has appointed himself a one-man lobby for the American people, and plans to appear at all congressional committee meetings to read some interesting literature to the Democrats.

The literature he intends to read will be: the Democratic platform.

Mushrooming Maryland

During the last year of the Civil War, Gen. Jubal Early came within a few hours of capturing the capital of the United States. His troops arrived at a point of Wisconsin Avenue where now stands the Sears Roebuck store, and if Jubal hadn't stopped for a round of mint juleps at the farm now occupied by Eugene Casey of Gaithersburg, Md., the capital would have fallen to the Confederacy.

Immediately afterward the Maryland area which his troops occupied just outside the city was captured through peaceful politics by the Democratic party, and has remained Democratic ever since.

In the succeeding years, it also has become the second largest city of Maryland. Actually a suburb of Washington, D. C., the mushroom city of Silver Spring ranks second only to Baltimore in the size of Maryland cities.

Silver Spring and sprawling densely populated Montgomery county around it for a long time were governed—and rather well—by a Democratic boss, E. Brock Lee. Then the Republicans hungry for power, two years ago persuaded local Maryland voters to install a system of nonpolitical government by council and county manager.

This has proved an important experiment. One aspect also has proved amusing. For, although the county supervisor has given the area the best, cheapest and most efficient government in years, the Republican commissioners now want to get rid of the whole system.

Reason: Their brief taste of running the second largest city in Maryland and its surrounding area has whetted their appetite for more.

Successful Experiment

This amusing aspect, however, only helps to emphasize the efficiency of the experiment taking place under the nose of the city which governs the rest of the United States. It is an experiment which already has grown to 812 third cities of the U. S. A. and to 5 counties.

What's happened in Maryland's Montgomery county is that school teachers, once woefully underpaid, now are better paid in some cases than those in the District of Columbia. The meekly sum of \$12,500 once spent annually for school maintenance has been increased to \$128,000. The amount of new roads built every year has been tripled. The police system has been revamped and modernized. Nurses' salaries have been raised. And the mushroom area which thrives on the edge of the capital has become one of the most progressively governed in the East.

Campbell High Takes In Pupils From Burbank

No immediate change in administration at the high school will result from the consolidation of the Burbank Elementary school into the Campbell Union high school district, announced district superintendent Laurance J. Hill today.

The Santa Clara County Board of Supervisors acted favorably this week on a petition from Burbank school patrons, asking the annexation. Due to the fact that there were more than the legally required 50 per cent of the qualified Burbank electors that signed the petition there was no need for an election, Hill explained. This made it possible for the County Supervisors to act directly, on the recommendation of County Superintendent O. S. Hubbard.

An "orphan" because it belonged to no high school district, Burbank pupils either attended San Jose, Santa Clara or Campbell high schools, paying tuition. Hill reports that a majority already were attending at Campbell.

In elementary districts not belonging to high school districts, Hill said, a larger than normal proportion of grammar school graduates do not go to high school at all. In the future, a larger number of Burbank graduates will be expected to go to high school. This will eventually result in a somewhat larger student body at Campbell high school, rather than any sudden influx of students, Hill believes.

'Who Done It?' Frasers Would Like To Know

They wuz robbed! Mr. and Mrs. W. A. Fraser, South Winchester road, decided to take a trip to Burlingame two weeks ago today. They left about 4 p.m. Mrs. Fraser noticed a blue coupe near their home but thought nothing of it.

When they returned at 11 p.m. that evening they tried the key in the back door. It was open. They looked around the house and discovered a screen ajar. The lights wouldn't work.

Mr. Fraser went to work and connected the lights. When the Frasers and the neighbors entered the house they found it topsyturvy. It had been a thorough job.

Missing was \$65 in cash, some old antique jewelry, and a flashlight.

The Frasers are double checking the locks on their home these days.

PARENTS, TEACHERS CALL FOR CLOSER HOME-SCHOOL TIES IN CITIZENSHIP PANELS

Closer home-school contacts are needed. That was one major conclusion drawn from a series of citizenship forums held for the past month in the Campbell Union elementary school and Campbell Union high school districts. Also brought to the attention of the teachers and parents who attended the discussions was the need for more meetings of this kind.

A summary meeting of the six local schools that participated in the forums will climax the January discussions. The summary meeting will be held Tuesday, February 1, at the high school.

THE SERIES CONCLUDES PANELS. The series concludes a month long group of panels held simultaneously in the Campbell, Moorpark, Cambrian, Union, Moreland, and San Tomas schools. These forums were part of a state wide project sponsored by California Congress of Parents and Teachers, California School Trustees association, California Association of Public School Administrators, and the California Teachers' association. In the Campbell area the organization was sponsored by the El Paradiso Council of Parents and Teachers with Mrs. Clarence Fagale as president.

General title thrown out to the forums for discussion and debate was "Citizenship Education in the Campbell schools in Relation to the School Curriculum." Much discussion in the groups centered around the "3 Rs" and report cards. Many were amazed at the change in the schools since their school days.

CAMPBELL HOSTESSES

The following persons participated: Campbell school hostess, Mrs. Dorothy Royce, principal; chairman, Rev. Lawrence Osborne; administrative representative, Mrs. Zeldia King, assistant coordinator; primary discussion leader, Mrs. Margaret Singleton; intermediate discussion leader, Mrs. Anna Smith; upper grade discussion leader, Mr. Art Tindall; high school discussion leader, Miss Muriel Carson; high school student participating, Charles Gaff; panel members, Mrs. John Morley, Mrs. Glen Campbell, Mr. Norman Stoner, Mrs. William Powell, Mrs. J. Hunt Foods Absorb San Jose Plant; Streamlining Due

The Guggenheimer Division dried fruit plant formerly in San Jose was moved to the Hunt Foods, Inc., Campbell plant, according to John Vellis, Northern California manager in Hayward.

"With the San Jose plant moving to Campbell we can now house the entire dried food operation under one roof," said Vellis. "Because the Campbell plant is one story we can streamline operations and have more efficient service more than ever before. It will be a vast improvement over the three story building that was sold in San Jose."

Sale of Hunt Foods, Inc.'s, Guggenheimer Division dried fruit plant building at 261 W. Julian street was disclosed last week. Price was reported "less than \$200,000."

The 100 employees formerly in San Jose were absorbed into the Campbell plant.

"We'll be able to give better service to the growers, too," said the Hayward official. "Now that we're all together the receiving end will be greatly improved and far more efficient."

The bride was given in marriage by her father, Frank Pisciotto. She wore a traditional slipper white satin gown with long sleeves and a sweetheart neckline. Her delicate lace veil was of fingertip length and for her bouquet the bride carried white roses set in bouvardia. The bouquet was crescent-shaped.

Matron of honor was the bride's sister, Mrs. Ernest Mills. She wore an American Beauty gown and carried a bouquet similar to the bride's but with white camellias in the center. The bridesmaids were Miss Virginia Lico, Mrs. Eugene Filice, Miss Pearl Mollo, Mrs. Sam Filice, Mrs. Anthony Marano, and Mrs. Sam Bozzo. They wore blue gowns similar to that worn by the matron of honor. Their headpieces were matching blue velvet heart-shaped hats. Petite jackets were worn over the bridesmaids' costumes.

GOOD MANAGEMENT— GOOD BUSINESS

HAVE you a business of your own? Are you the owner of a drug store, filling station, farm, dress shop, saloon? If you are and if you built that business up yourself, you are a pretty capable person.

Suppose you are so successful that you are able to take a month or two off and give yourself and family a nice long holiday. You have to leave some one in charge, and you naturally pick the most capable employee you have.

You are a smart man, so you say to him, "John, I am leaving my affairs in your hands for three months. This is a big responsibility for you and I am paying you double your wages while you are running my business."

You have another business of as great importance to you and to your children as is your shop, or your farm, or your job. To operate it you pay men to represent you in Washington where its headquarters are located. You don't delegate them for two or three months, you delegate them for two, four and six years; and you turn your business over to them entirely during that period.

You select those available whom you consider best suited to operate the business. Your choice is restricted: There are the very few who have money enough to disregard their salaries as members of the government; there are those with political ambition great enough to induce them to accept a small remuneration, and there are those to whom the salary is a "step-up."

In these prosperous times if a man is unable to make more than a congressman's salary from his vocation, he is hardly in the category from which we should like to select those who must manage the biggest and most complicated business in the world—the U. S. government.

Your senators and representatives net roughly \$11,500 after income tax. Total for congressional salaries very roughly is \$6,500,000. If you paid them \$20,000, tax free, you would increase the annual U. S. budget by about \$4,500,000. Chicken feed! About three cents per citizen.

BUT YOU WOULD GET \$20,000 MEN INSTEAD OF \$11,500 MEN!! Twenty-thousand-dollar men soon would save the annual three cents—and then some. It's a good business venture. Why not push it?

Applying for and receiving a county building permit was C. C. Jensen of Campbell. Jensen plans to build a \$9,000 home on north Second street here.

Dee Portal's San Jose State boxing team opens an auspicious intercollegiate schedule this week with two dual meets. The Spartan glovemen invaded the Bay City Wednesday night for a scrap with the San Francisco City College boxers, and return home Friday to meet San Francisco State.

With two matches in three days, Portal will probably not have the same eight men face both opponents. On hand for either fight will be Pete Fransulich, 175 lb. PCI champ; Wayne Fontes, who captured the 155 lb. PCI crown in 1947; Don Schaeffer, PCI heavyweight finalist last year, and veterans Dave Gray and Jim Nutt. Bob Anderson, 145 lb. PCI champ in 1947 and Raul Diez, undefeated in six dual meets last year, will not box this week. Anderson has not yet reached top shape and Diez is hampered by a bad back.

P. G. and E.'s biggest steam plant under way on Monterey Bay

A 280-acre vegetable farm near Moss Landing on Monterey Bay soon will be producing the greatest crop of power in P. G. and E. history for Northern and Central California.

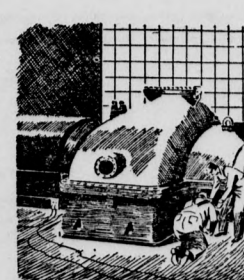

For here is being built the company's largest steam plant, a 402,000-horsepower giant whose electric output

will contribute to P. G. and E.'s entire interconnected system.

This is the ninth major producing unit begun since V-J Day to serve the growing demand for power in California. Four already have been completed, and still others are planned.

1,500 workmen will be on this job when construction reaches its peak, and a good share of the \$51,500,000 estimated cost of the project will be in payroll, which in turn will pass on to local business.

On the line in the spring of 1950 will go the first of three 134,000-horsepower generators; the others are scheduled for the following year. Preliminary work already is going full speed ahead.

for the record The plant's huge boilers will be fired by oil shipped in by both sea and rail. P. G. and E. already has invested \$300,000 in post-war power facilities. Half a million new horsepower are already at work for Northern and Central California.

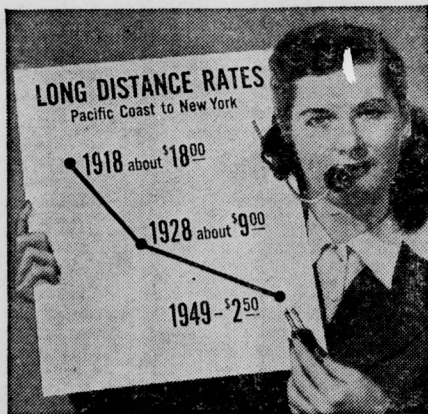

WHEN FATHER CALLED NEW YORK

How in a few short years, Long Distance has speeded service, improved clarity, lowered rates

2. Today it's just as easy to talk across the nation as it is to talk to someone just across the table from you. Continual improvements in the telephone instrument you use, in telephone lines and cables, in voice-booster equipment along the way, make a normal voice carry 3,000 miles or more with ease.

4. Takes less time today to get your connection. Now calls go through in an average of less than two minutes. These are just a few examples of the way telephone service grows in value... becomes a better buy. A local call still costs just a few pennies. Compared to other prices, telephone service is one of your biggest bargains today.

3. Rates have gone down amazingly. In 1918, Father paid about \$18.00 for the miracle of talking Coast-to-Coast. Worth it, too. By 1928, we'd been able to drop rates to about \$9.00 for a three-minute station daytime call. And today you can make the same call for just \$2.50, plus tax. Here's one of today's big bargains.

SEVEN SAN TOMAS BOYS WIN AWARDS AT CUB PACK MEETING; WILL TAKE PART IN SCOUT WEEK

Seven boys of the San Tomas Cub-Scout Pack 30 received awards at a meeting held January 20 at the local school. Mrs. Kenneth Wilson of Den Four opened the meeting.

Boys and their awards were: Kenneth Wilson, gold and silver arrow for bear; Fred Ferrill, service star; Bob Cisowski, service star; Harold Lawrence, gaffer strip; Richard Mills, assistant gaffer strip; Jerry Lawrence, gold arrow, and Albert Weidlich, silver arrow. Cub Commissioner for Campbell Ed Dalzell invited the boys of San Tomas to attend the Cub Round Table meeting February 2 at the Campbell school.

In celebration of Boy Scout week, February 6-12, the cubs decided to display their handiwork in the display window of Flood's Market in San Tomas.

After the business meeting the boys put on an entertainment centering around a music theme. Each den was to in some way enact the theme. Some cubs chose to make homemade instruments for the afternoon. Mrs. Marian Henry and den one put on a "Gay Nineties" review. Den four under Mrs. Kenneth Wilson, assisted by Mrs. Glen McCoy, initiated the Spike Jones rendition of "Leave the Dishes in the Sink." Mrs. Rubie Mills and den two took their homemade instruments and played them for the boys. Two dens were not present due to illness.

Each mother of the Pack was presented with a printed chart to keep an active record of the achievements and awards of the boys in her den. Wooden frames will be provided for the charts to make them a permanent record.

County Doctor Gives Shots To School Children

Immunizations are being given to the children in the San Tomas grammar school this month. The program is sponsored by the Santa Clara county health department.

Children will be immunized for diphtheria, whooping cough, and smallpox as needed. The county doctor will decide what the need of the child requires.

Tuberculin skin tests are being given to all kindergarten and first grade children whose cards are signed.

Improvement Club Sponsors Box Social Thursday

A box social was held Thursday at 7:30 p.m. at the San Tomas school. It was under the auspices of the San Tomas Improvement club. Each guest brought a pretty food box for the auction. Highest bidder received the box. Rev. A. F. McKinney was the auctioneer.

School News

From

SAN TOMAS

By VIRGINIA JOHNSTONE and SUE COFFIN

ON THE MARCH OF DIMES The pupils of San Tomas school have started a March of Dimes campaign. Each pupil would like to take part in this very worthy cause. We decided that we would count the children in each room, and then multiply the number by ten cents, which would be their quota.

Including the teachers and pupils there are about 415 enrolled here. This means that the quota for the whole school is \$41.50. Each teacher was told what the quota was for her class. When that class reached its quota, the teacher's name was put on the 100 per cent list on the main bulletin board. On Tuesday, Jan. 25, the following classes made the 100 list: Miss Evelyn Taix, Miss Laura Blaine, Miss Margaret Enas, Mrs. Esther Fore, Miss Ruth Metzger, and Mrs. Anna Marie Schafer.

Also on the Bulletin Board is a large thermometer which shows how fast we are reaching our goal. Thursday we went over the 100 per cent mark with \$43.00.

The sixth grade and teacher Miss Evelyn Taix are very proud of their contributions. Their quota was only \$3.70 and to date they have turned in \$12.55.

Phi Delta Kappa Holds Meeting At Campbell High

Phi Delta Kappa, national honorary education fraternity, which met at the Campbell High school Thursday, heard Dr. William Odell of Stanford University speak.

"Personality Relationships," was the subject of the talk. Dr. Odell was former Oakland superintendent of schools and is now professor of education specializing in school administration at Stanford.

Dwight Twist, former Gilroy school superintendent and president of Phi Delta Kappa, presided over the meeting. Twist is now assistant superintendent of San Joaquin county schools.

Members of the State Department of Education who were making a survey of San Jose State college were guests.

St. Mary's Break State's Streak; Indians Next

A stern obstacle facing San Jose State this week as the Spartans attempt to start their winning streak again. The Spartans cagers ran the string to six last week with a narrow win over the San Francisco 49ers and decisive triumphs over Fresno State and Pepperdine.

Frank Kudelka and the St. Mary's Gaels invaded San Jose Tuesday night and defeated them 56-49 in a tough battle. On Friday the Spartans go to Palo Alto to engage Everett Dean's high-riding Stanford Indians.

With improved shooting, both from the field and the free throw line, the Spartans looked like a front line quintet last weekend as they breezed past Fresno and Pepperdine. The victory over Fresno enabled Coach Walt McPherson's casaba aggregation to remain on top of the California Collegiate Athletic Association standings with two straight wins.

Center Stu Inman continues to spark the Spartans and at his present pace will eclipse the San Jose State record of 396 markers, set by Inman last year.

Inman, a former Alameda high school star, scored 57 points in the three games to run his total to 280 points, an average of 14.7 per game. Forward Don McCaslin, with 192 points and a 10.1 average,

and Forward Bob Hagen, 185 points and a 10.3 average have provided the major support for Inman's scoring efforts.

Other leading San Jose State point-makers are Bob Wuesthoff, 130 points; Ralph Romero, 66; Chuch Crampton, 49; Bob Cramp-ton, 49; Bob Crowe, 48; Bob Enzensperger, 45, and Dean Giles, 39 points. Crowe, whose floor work has been outstanding all year, had his best night against Pepperdine, netting 12 points.

Led by six-foot-five-inch George Clark, Coach Tom Cureton's Spartan Frosh won two more games last week to run their record to 11 wins in 13 starts.

YMCA Opens New Contest to Local June '48 Grads

Campbell high school graduates of 1948 are eligible to enter the YMCA name-the-new-adult-center contest. Announcement came this week from the San Jose Y that the contest will be open to all June graduates. Deadline for entries is February 25.

The YMCA is in the process of flooring over its old swimming pool. The result will be a young adult center providing facilities for their entertainment. Around the dance floor will be a piano, lounge furniture, a snack bar, and other recreational facilities.

A committee now meets each Monday evening at 7:30 p.m. at the Y to plan a grand opening about March 1. Interested young adults are invited to attend the Monday meetings and learn more about the new adult center.

Contest rules are as follows:

1. Only members of the June, 1948 graduating class are eligible to enter.

2. All entries must be mailed to the YMCA, in care of Paul Santana, chairman of the planning committee, and must be postmarked not later than February 25.

3. In case of duplicate entries the one with the earliest postmark will be honored.

4. Decisions of the judges will be final. The announcement of the winner and presentation of the prize will be made at the grand opening in March.

'EASY DOES IT'

By HELEN HALE

DELICATELY colored fabrics will wash beautifully, neither fading nor running, if you use one teaspoonful of Epsom salts in each gallon of water for washing and rinsing.

A coat of white varnish will keep the rust away from wire clotheslines. Use two coats the first time if the line has started to rust. Then use one coat a year after that to keep the line in condition.

Protect zippers on clothing when laundering by running them closed, before washing or rinsing.

After using dry cleaner, rub the hands and wrists with vinegar to make them stop smarting.

RECIPE OF THE WEEK

Whipped Cream Angel Food Cake

1 cup whipping cream
3 egg whites
½ cup water
1 teaspoon vanilla
2 cups flour
1½ cups sugar
3 teaspoons baking powder
½ teaspoon salt

Whip cream stiff; beat egg whites until stiff and blend with cream, carefully. Add water, vanilla and dry ingredients which have been sifted together at least 3 times. Bake in layers in a moderate (350° F.) oven for 30 minutes. Cool, and put together with lemon filling.

A light starch on towels and draperies which have worn thin gives them body in addition to an excellent finish. You'll be able to get more wear from them when they're treated in this way.

If you're hard on buttons, sew a small button on the inside of the clothing right in back of the button on the right side. Buttons will stay on indefinitely.

Ironing will move along much more rapidly if you have a wide board to set on your ironing board to use for such large pieces as tablecloths and sheets. You'll save time by not having to move them so frequently.

It's a mistake to dampen clothes until they are almost wet because you only have to iron them until dry. Dampen slightly and let stand for several hours to distribute moisture for best results.

\$8800 Scholarship To Be Given

Scholarships totalling \$8800, topped by the \$800 Standard of California Sweepstakes Scholarships Awards, have been posted for competition among exhibitors at this year's Grand National

The Junior Grand National, expected to attract more than 1200 Future Farmers of America and 4-H Club boys and girls and 3000 head of livestock from all over West, will be held in the San Francisco Cow Palace April 9 to 14.

PLAN GROUP TO AIR SURVEY ON BUSINESS DEVELOPMENT OF SAN JOSE-LOS GATOS AREA

The Santa Clara County planning commission will meet Wednesday, February 2, to discuss the survey being made to determine the amount of commercial and business development which should be permitted on the San Jose-Los Gatos Road, between Campbell and Los Gatos.

At the last meeting the commissioners decided that there should be no immediate revision of zoning along the Southern Pacific railroad right-of-way between Campbell and Los Gatos to create a new industrial zone.

Properly adjoining the tracks from Campbell to Race street in San Jose is generally zoned at the present for residential purposes.

Question of the re-zoning to permit industrial enterprises was raised when Mrs. Audrey Abbot petitioned for a re-zoning of her property bounded by Dutard avenue, on the north, San Jose-Los Gatos road on the west and the railroad line.

Cal Poly Plays Host to Matmen In Match Friday

The Cal Poly wrestling team will host last year's California Collegiate Athletic co-champions this Friday night when San Jose State college invades the Mustang campus.

With one loss and two wins, the Cal Poly grapplers will be facing an undefeated Spartan aggregation. The San Jose team has taken meets from San Francisco State, 23 to 10; Alameda Naval Air Station, 31 to 15; and won the Northern California Junior Wrestling championship held in Oakland. Last year the Spartans tied with San Diego State for the CCAA title.

The Mustangs dropped the first meet of the year to a strong UCLA team, but have taken over San Francisco State, 21 to 15, and El Toro Marines, 29 to 3.

Cal Poly has two CCAA champs in Jim Dowe at 155 lbs. and Fred Adams, 165 lbs. Undefeated so far for the Mustangs is Weber Lawson 128 lb. flash from Inglewood high school. Lawson won over UCLA and took the South Pacific AAU title in San Diego two weeks ago. In the 175 lb. class, Cal Poly will be represented by Al Cadena, and in the 191 lb. class will be Bob Thompson. Both are former San Jose prep stars.

The Spartans, coached by Ted Mumby, will be headed by co-captain Pat Felice, 175 lbs., who placed sixth in Olympic tryouts held last year, and Ben Ichikawa, 128 lbs., who won the NCJW title last week. Both are undefeated so far this year. In the heavyweight class, San Jose may enter Woody Linn, a 300 lb. griddler.

Ross In Recital On February 2

Richard Ross, one of the east coast's most distinguished organ virtuosos, will appear in recital under the auspices of the San Jose Chapter American Guild of Organists, Wednesday evening, February 2nd, in the First Methodist Church in San Jose. The program will begin at 8:15 p.m. The public is invited, admission is free, but an offering will be taken.

San Jose is to be the only city in California to hear Ross, who is making his first transcontinental tour. His program has been especially chosen to fill the desires of both the organ adept and the non-technical music lover.

Ross is a native of Ohio. He is a graduate of the Peabody Conservatory holding from that institution its highest honor, the Artist's Diploma. He is a post-graduate student of Courboin and of T. Tertius Noble, and he studied with Bonnet in Paris.

He has appeared as soloist in national Guild conventions and has concertized both in America and in Europe. He is organist and choirmaster of the Brown Memorial Church of Baltimore, a church long noted for its high musical ideals. He is a faculty member of the Peabody Conservatory of Baltimore, and is there regarded as one of its most brilliant musicians.

Certain members of the local Chapter American Guild of Organists who have heard Ross in Chicago, expressed the opinion that he is one of the most colorful players on the concert organ today.

Dale Carnegie

Author of "HOW TO WIN FRIENDS and INFLUENCE PEOPLE"

THE MUD OR THE STARS?

ONE day I dropped in at the University of Chicago and asked Chancellor Robert Maynard Hutchins how he kept from worrying. He replied, "I have always tried to follow a bit of advice given me by the late Julius Rosenwald, president of Sears, Roebuck and company: 'When you have a lemon handed you, make a lemonade.'"

D. Carnegie

Here is the story of a woman who did just that. During the war Mrs. Thelma Thompson of New York City, was living in New Mexico in order to be near her husband who was stationed near the Mojave Desert. She hated, loathed the place; she had never been so miserable. Her husband was out on maneuvers in the desert and she was left all alone in a tiny shack. The heat—125 degrees—was unbearable. There was not a soul to talk to but Mexicans and Indians and they couldn't speak English. The wind blew incessantly and there was sand, sand everywhere, even in the food. She was so wretched that she wrote her parents she wanted to come home. She said she would rather be in jail than where she was.

Her father replied to her letter with just two lines:

"Two men looked out from prison bars,

One saw the mud, the other saw stars."

Those two lines changed her entire life. She was ashamed of how sorry she had been for herself and she made up her mind that she would look for the stars. So she made friends of the natives and their reactions amazed her. She showed an interest in their pottery and weaving and they gave her wonderful pieces, favorite pieces that they refused to sell to tourists. She studied the fascinating flora around her, watched sunsets, hunted for seashells that had been left there millions of years before when the sands of the desert had been an ocean floor.

What changed all this for her? Well, the desert and her surroundings hadn't changed. But her attitude had, and her life had become filled with exciting adventure.

She was so excited that she wrote a book about it, called the "Bright Ramparts." She had looked out of her self-created Hades and found the stars.

One of the most remarkable things in this world is the power you have over your own mind!

California State Expects Big Farm Machinery Show

Directors of the California State Fair took steps today which they believe will result in one of the greatest farm machinery shows ever staged at the annual exposition, next September 1 through 11.

The Board voted a rate for the space in the Industrial and Machinery Building of 50 cents per square foot down to 30 cents per square foot depending upon the amount of space taken by the exhibitor, with the rate for space outside the building set at 15 to 7½ cents.

It is believed, according to Secretary-Manager Ned Green, that

the rates set will be favorably considered by members of the Tractor and Implement Club, which did not exhibit last year when rates were increased above those in 1947 and a previous 38 per cent rebate to club members was banned.

Green told the directors that he believes the club members will contract for about 45,000 square feet of space inside the building and an equal amount outside. He said that space rentals for the Industrial and Machinery Building in 1947 totaled \$23,000 and that the believes the rates adopted today will bring a total revenue of \$33,000 next September.

A PEEK at the STARS

By LYN CONNELLY
NWNS Radio-Screen Editor

COME academy award time, those in the movie industry who are eligible to vote upon the acting gem of the year are going to have a time choosing between Olivia de Havilland in "The Snake Pit" and Jane Wyman in "Johnny Belinda" . . . We would personally give the edge to Jane, based purely on the wonderful pantomime she employed as the deaf-mute, one of the most difficult roles for any actress to play . . . Oddly enough, the race was between the same two actresses in 1946.

Alan Young, heard Fridays on NBC's Jimmy Durante show, received a citation from the Los Angeles humane society for his work in placing "orphan" pooches in more than 10,000 southern California homes . . . There are a number of "Blondie" and "Dagwood" fan clubs across the country, but now the cast of the popular NBC show is celebrating the fact that an "Alexander" club has been started in Cleveland, O., by his former school chums there.

PLATTER CHATTER
Victor: An intriguing album called "Perfume Set to Music," was released by this company recently . . . The title is self-explanatory . . . Harry Revel, British-born composer, famous for his "Bolero," has taken some of the well-known French scents and set music to them . . . This is something entirely different . . . It would be interesting to have a bottle of each particular scent in the room as the music is played, but it isn't necessary so well does Revel capture the various moods.

Capitol: If you're a jazz fan you're going to be happy with a new album by Capitol called "Giants of Jazz" . . . All the big names that formed an important part of "A Song Is Born" play their numbers from that picture on eight sides of sizzling wax . . . Benny Goodman, Tommy Dorsey and Charlie Barnet, to name a few . . . Best of all, all proceeds from the sale of the album go to the Runyon cancer fund, so you can treat yourself and help other simultaneously.

Woman's Guild To Meet Feb. 3
The Woman's Guild of the Campbell Congregational Church will hold a regular monthly meeting in the parlors of the church Thursday, February 3. Dessert will be served at 1:30 p.m., with group two acting as hostesses. All members and friends of the church are invited to attend the meeting.
